Lobbies & lounges that feel like home

Assemble a seating area with a centerpiece of flame. Set the mood in a corridor leading to escape. Montigo offers limitless ways to configure your fireplace, making it simple for you to find the appropriate application for your project.

Power venting capabilities up to 500-ft and multiple air intake location options provide you with flexibility. With COOL-Pack glass technology you can evoke the warmth and safety of home without the liabilities associated with high glass temperatures.
